Corbin has long been touted to be a future national representative. Having represented South Africa at the u19 Cricket World Cup; alongside Kagiso Rabada, they formed a potent opening ball combination. His speed has fooled many batsmen throughout the years. Able to bowl at over 140kmph consistently, Corbin is one of the few true fast bowlers coming through the ranks. He bowls with good control but when called upon, he can push the batsmen back with a combination of raw pace and serious bounce. He capable of rushing even the most set batsmen and keep is pace up for long spells.
