Tristan bats with authority at the crease beyond his years. He has a knack of going on to score big innings' from starts and has the ability to take the game away from the opposition on a whim. Naturally aggressive, he asserts pressure on a bowler that seems effortless by scoring all around the park and not letting a bad ball go unpunished.

As a reliable off break bowler, he can hold up an end and has been used as such in T20's where his ability to shoot the ball through has caught even the most set batsmen.

Tristan has an exceptional conversion rate in his young career with an X-factor few young players exhibit, that makes him one to watch for the future.
